

Estate Sale - Historic Classic 1984 Mercedes-Benz 300SD Turbo Diesel

Black 4 door Sedan, 4 speed automatic, with sun roof, air conditioning and leather interior.

Equipped with Turnkey Greasecar and Frybrid vegetable oil fuel system components.

Vegetable oil fuel system components installed to automatically switch to run using diesel or vegetable oil. Can also run on only diesel.

Mercedes 250km and Oil Burner Kartel Medallions on the grill.

Includes 2 oil pumps to fill the vegetable oil, and the vegetable oil processing and filtration system.

Mechanically sound, driven regularly and stored under cover with custom car cover and battery tender.

Multiple new spare parts, 4 jacks with rods for jack points, tools with chest and a parts engine.

Multiple empty 50 gal containers to hold filtered oil.

Extra set of regular and new studded tires with rims.

Complete annual fuel consumption maintenance and mileage records from 2007 to 2014.

WA State Law introduced and passed in 2008 by the previous owner of this car to exempt Vegetable Oil and Alternative Fuel users from paying road use tax. A copy of the law and the pen used by Governor Gregoire to sign it into law included.

Reference documentation (large knowledge base) of Vegetable Oil Fuel information, with Mercedes Volume 1 and Volume 2 Chassis and Body Service Manuals.

Both diesel and vegetable oil tanks are full and ready to hit the road!
