

1	Headlight unit, left	13	Glove compartment light switch	35	Rear dome light	Wire Color Code
2	Headlight unit, right	14	Glove compartment light	36	Battery	Ws = white
	a High beam	15	Thermostat 65° C	37	Starter	gn = green
	b Low beam	16	Solenoid valve, automatic transmission	38	Voltage regulator	br = brown
	c Turn signal light	17	Kick-down switch	39	Alternator	ge = yellow
	d Standing/parking light	18	Starter-lockout and back-up light switch	40	Radio	gr = grey
	e Fog light	19	Heater coil, automatic choke, front	41	Fuel gauge sensor	rs = pink
3	Relay of carburetor heater, rear	20	Fuse box	42	Blower motor	bl = blue
4	Brake fluid indicator light switch	21	Signal system contact	43	Plug connection, cable to rear components	rt = red
5	Parking brake indicator light switch	22	Combination switch	44	Spark plugs	sw = black
6	Instrument cluster		a Turn signal light switch	45	Distributor	el = ivory
	a Turn signal indicator light, left		b Passing light switch	46	Trunk light	nf = neutral
	b Turn signal indicator light, right		c Dimmer switch	47	Tail light unit, left	vi = purple
	c Fuel reserve warning light		d Wiper switch			
	d Fuel gauge		e Switch for wiping speed			
	e Electric clock	23	Brake light switch	48	License plate light	
	f Rheostat, instrument lights	24	Blower switch	49	Tail light unit, right	
	g Instrument lights	25	Pre-resistance, blower motor		a Turn signal light	
	h Charge indicator light	26	Pre-resistance		b Tail/parking light	
	i High beam indicator light	27	Ignition coil		c Back-up light	
	k Brake fluid and parking brake indicator light	28	Ignition starter switch		d Brake light	
7	Dual-tone horns (fanfares)	29	Rotary light switch		a Turn signal light	
8	4-way warning flasher switch/timer	30	Heater coil, automatic choke, rear		b Tail/parking light	
9	Wiper motor	31	Door contact switch, front, left		c Back-up light	
10	Washer pump	32	Front dome light w/switch		d Brake light	
11	Ashtray illumination	33	Door contact switch, front, right			
12	Cigar lighter	34	Rear dome light switch			

Example:

Wire designation 1.5 gr/rt  
 Basic color Gr = grey  
 Identification color rt = red  
 Cross section of wire 1.5 = 1.5 mm<sup>2</sup>

Supplement 8. Extension May 1974. Service Manual Passenger Cars starting 1968 Series 114-115

Wiring Diagram

Model 230/8, 250/8, 250 C/8 from December 1970 to May 1972
